British Periodicals.

EARLY COPIES SECURED. LEONARD SCOTT & CO., New York, continue to republish the following British Periodicals, viz:

THE LONDON QUARTERLY (Conservative), THE EDINBURGH REVIEW (Whig). THE NORTH BRITISH REVIEW (Free Church). THE WESTMINSTER REVIEW (Liberal). BLACKWOOD'S EDINBURGH MAGAZINE (Tory).

The procent critical state of European affairs will render these publications unusually interesting during the forthcoming year. They will octapy a middle ground between the hastily written news-items, crude speculations, and fiying rumors of the daily Journal, and the ponderous Tome of the future bistorian, written after the living interest and excitement of the great political events of the time shall have passed away. It is to these Periodicals that reafers must look for the only really intelligible and reliable history of circent events, and as such, in addition to their well-established literary, scientific, and theological character, we urge them upon the consideration of the reading public.

137 Arrangements are now permanently made for the receipt of Early Sheets from the British Publishers, by which we are enabled to place all our Re-prints in the hands of subscribers, about as soon as they can be furnished with the foreign copies. Although this involves a very large oddlay on our part, we shall continue to furnish the Periodicals at the same low rates as heretofore, viz:—

Per ann.

For all tour of the Reviews

A discount of twenty-five per cent, from the above prices will be allowed to Clubs ordering direct from L. Scott & Co. four or more copies of any one or more of the above works.

Thus: Four copies of Blackwood, or of one Review, will be sent to one address for \$9; four copies of the four Re-

views and Blackwood for \$20; and so on.

POSTAGE.

In all the principal Cities and Towns, these works will be delivered, through Agents, FREE OF POSTAGE.—
When sent by muil, the Postage to any part of the United States will be but Twenty-four Cents a year for "Blackwood," and but Franceson Cents a year for each of the Rewood," and but Pourteen Cents a year for each of the Re-Resultances and communications should always be addressed, post-paid, to the Publishers,

This remedy has won for itself such notoriety for its cures of every variety of Pulmonary disease, that it is entirely unnocessary to recount the evidences of its virtues in any community where it has been employed. So wide is the field of its usefulness, and so numerous the cases of its cures, that almost every section of the country abounds in nersons publicly known, who have been restored from alarming and even desporate diseases of the lungs by lisuade. When she cited, its superiority over every other medicine is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary orguns which are incident to our climato. And not only in formidable attacks upon the lungs, but for the milder varieties of COLDS, COUGHS, HOARSENESS, dc.; and for CHILDREN it is the pleasantest and acrost medicine that can be obtained.
